

Mei Ta Europe Ltd. is a Taiwanese company that manufactures turbine housings and exhaust manifolds – we work with OEMs and Tier-1 suppliers of turbocharger and exhaust system components. MTE production facility is located in Serbia, in Barič, Obrenovac, where our nearly 3,000 employees make the best job possible every single day.

For our hardworking, smart and witty Quality Assurance team we are looking for a sharp, communicative and diligent

Customer Quality Engineer

About the job:

Our customer quality team analyzes processes, maintain good relations with customers to resolve problems and prevent recurrence and also coordinates activities with other Mei Ta Group locations worldwide.

About you:

If you are recent graduate or student of final year with technical background, eager to build your future in automotive industry, if you are very focussed and with strong self motivation you might be the great candidate. Of course, as you may notice, good command of English is required (funny mistakes in communication are acceptable, misunderstandings with customer not so much).

We offer:

Countless challenges, growth and learning opportunities, stability and... a great boss!

Key words for applicants:

8D management (You know what that means in automotive industry? Then you know if this job is for you!).

How to apply:

If all of the above makes sense to you, we are looking forward to receiving your application at kandidati@meitaeu.com
